To Whomsoever It May Concern

This is to state that an online program on “Critical Thinking Foundation Course” had been organized by the Department of Petroleum Engineering (PE) and Petrochemical Engineering (PCE) for the 100 students of 3rd year PE & PCE during the academic year, 2016 – 2017 & 2017 – 2018. According to the feedback of the students, the aforementioned program had been very good and necessary to develop critical thinking skills. The resource person of the program was rated as very good to outstanding by the students. Further, the students recommended to continue this online program on WebEx for their junior batches.
